

Term: Summer **Adults in Class:** Mrs Birch, Mr Montgomery, Miss Devlin

Maths

This term children will focus on problem solving in measurement:

- Time
- Volume

We will also do some problem solving with **fractions** and improve our fluency in **addition and subtraction**.

Music

Children will learn '**The Friendship Song**' whilst developing their understanding of **pulse, rhythm and clap back**. They will also continue to **listen and appraise**.

Computing

Children will **use the web to search** and collect pictures and explore ways in which the information can be organised. Children will also create a '**Talking Book**' in which they will share with others.

History

Children will be exploring the question: '**Who are our Local Heroes**'. They will learn about some of the lives of **local people** and know where they fit in to the **chronological study**. They will continue to use a range of **sources of information** and develop their ability to ask **insightful questions**.

Physical Education

Children will develop their **striking** skills in a range of **competitive** situations. They will consider the **application of power** and develop their **tactical thinking** in order to win a game.

Year 2

2022- 2023

'Achieving Together'

English

'**The King Who Banned the Dark**' by Emily Haworth-Booth

When reading this text children will explore features of **narratives** and **persuasive letters**.

They will focus on developing **description** through the use of **expanded noun phrases** and work to ensure the **consistent use of past and present verbs**.

PSHE/Citizenship

Children will be learning about/focussing on:

- Hazard watch- is it safe to play with?
- Fire Safety
- Petty Arson
- Texting whilst driving

Religious Education

Children will learn about the principles of **Buddhism**, **symbols** and what makes Buddha special.

Geography

Children will be answering the question, '**What are the wonders of our world?**' with particular reference to **natural, man-made, ancient** and **modern wonders**. Children will develop their knowledge of continents and be able to use **atlases, maps** and **globes**.

Design and Technology

Children will design and make their '**Perfect Pizza**'. They will learn about different types of bread and toppings and **give their own opinions and preferences**.

Art & Design

Children will explore how artists use their creativity to **re-see, re-invent** or **re-imagine** the world around them. Through '**Stick Transformation**' they will use their **creativity** to **generate** and **test** ideas using a variety of materials.

Science

Children will explore how **seeds** and **bulbs** **grow** into mature plants and **what they need** to do so. They will also explore the '**Little Masterchef**' topics and learn how to make **healthy choices** and what the **basic needs of humans** are.

Using scientific **specific vocabulary** is an ongoing focus, applying it to both written and spoken language.
