

September 2023

Dear Parent/Guardian,

Your child's flu vaccination is now due

This vaccination is recommended to help protect your child against flu. Flu can be an unpleasant illness and can cause serious complications. Vaccinating your child will also help protect more vulnerable family and friends by preventing the spread of flu.

For further information see: www.nhs.uk/child-flu

Please complete the online consent form (one for each child) using the link or QR code below

www.wchcimms.co.uk

your school code is WC105060

DATE OF VACCINATION Monday 2nd October 2023

Please ensure you complete the on-line form no later than ----- (3 days prior to session)

The vaccination is free and is a quick, simple and painless spray up the nose. Even if your child had the vaccine last year, the type of flu can vary each winter so it is recommended to have it again this year or they won't be protected.

A leaflet explaining the vaccination programme is enclosed and includes details about the small number of children for whom the nasal vaccine is not appropriate. The nasal spray vaccine contains a very small amount of purified porcine gelatine as an essential ingredient to keep it stable and able to work. For those who may not accept medicines or vaccines that contain porcine gelatine, a flu vaccine injection is available. Since the programme was introduced, most children offered the vaccine in schools have had the immunisation.

If you have any queries, please contact the healthcare team on 0151 514 2510

If your child becomes wheezy, has a bad attack of asthma, or has started oral steroids for their asthma after you return this form, please contact the healthcare team on 0151 514 2510.

If you decide you do not want to vaccinate your child against flu, please return the consent form giving the reason. This will help us plan and improve the service.

Yours sincerely,

School Age Immunisation Service
