Dear Parent/Carer

We are writing to inform you about an exciting opportunity for pupils to take part in a research project focused on enhancing the teaching and learning of mathematics. As part of this study, one or two lessons of Miss O'Toole (6MO) will be video recorded for to support educational research and improve classroom practices.

The purpose of these recordings is to focus on the teaching NOT pupils. For further details about the project please see the information sheet attached.

If you have any further questions or concerns, feel free to contact Miss O'Toole.

Thank you for your support in helping us improve mathematics education for all pupils.

Please respond to this form and return to class teacher by Friday 2nd May,

Kind regards

S.G. Brady
